A FITTING
TRIBUTE

TUTOR is an easy-to-manage, single-person stacking table developed to accompany the famous 40/4 chair. Tutor echoes the chair's elegant and understated design language to create a visually incomparable table and chair concept. Tutor works equally well on its own, due to its extremely durable materials and its admirable stacking and handling capabilities. Ideal for seminars, trainings and corporate educational facilities, the Tutor is a world-class multi-functional flexible solution for demanding and design-oriented applications.

CONFIGURATIONS

THE PERFECT DESIGN COMBINATION

Tutor uses the same angles and proportions as the 40/4 chair. By combining Tutor and 40/4 you get the perfect design combination for your interior.
